

Corporate and Finance

The Corporate and Finance Department has one overriding focus: business. We counsel companies, both public and private, in connection with a broad range of commercial activities. We represent businesses of all sizes – from small startups to large multinational corporations – in nearly every aspect of their operations. Our clients include companies in a variety of industries, including manufacturing, mining, technology, real estate development, healthcare and construction – to name a few.

We provide advice on a full range of business issues, including general business counseling, corporate governance, contracts and transactions, financing, and the distribution of products and services.

While our business clients are headquartered predominantly in the upper Midwest, they have operations worldwide. We provide a full range of support throughout the United States and globally. Our nationally recognized franchise team serves a national and international franchisor clientele.
