Mark R. Geier

Mark R. Geier focuses his practice on business transactions, shareholder agreements and potential litigation. He represents clients in a variety of industries and disciplines, including precision manufacturing, medical device and components, heavy equipment manufacturing, real estate, construction and construction materials, office equipment and distribution.

Representative Experience:

With 34 years of experience and a broad business and industry background, Mark functions as outside general counsel to privately-owned companies. He covers many disciplines such as:

- Business organizations
- Mergers and acquisitions
- Succession planning
- Financing and secured transactions
- Shareholder agreements
- Manufacturing, design and development agreements
- Sales representative and distributorship agreements
- Employment and executive compensation
- Pre-litigation evaluation and settlement
- General business matters

Mark serves as a consultant to manufacturing associations and their members in Minnesota and Wisconsin and advises manufacturers on such matters as:

- Sales
- Supply chain
- Capital equipment purchase and financing
- Design, research and development
- Prototypes
- Production
- Plating and finishing
- Quality
- Performance

His previous pre-trial and trial experience includes:

- Commercial transactions and contracts
- Shareholder disputes
- Executive liability
- Insurance coverage and claims
- Commercial real estate transactions and leasing
- Construction and mechanics' liens
- Environmental investigation, abatement and remediation
